

Terms for IoT workshop

Eligibility: The Giveaways are open to registered attendees of the JavaOne San Francisco 2016 who are 18 or older. Individuals who are employees of Oracle, employees of a government agency, or residents of a country subject to US embargo are not eligible to participate.

Timing: The Giveaways run between 9:00 and 5:00 on Monday, Tuesday, and Wednesday of the Conference, or while supplies of the Giveaway items last.

General Terms: Items are only available while supplies last. There is a limit of one item of each type per person. We reserve the right to end the Giveaways at any time and to disqualify any person who does not comply with these terms.

No Shows – If you have registered for a IoT workshop session you must check in 5 minute prior to the start time. If you do not check in 5 minute prior your space will be offered to a walk-in.

Walk-in – Due to space constraints we have to limit each IoT session workshop. At 4 minute prior to session start time any seat not confirmed will be opened up to walk-ins on a first come first serve basis.
